Treasurers' Updates

- [Budget breakdown](#)
- We will need to cover the cost of the computer lab person for next year - it is almost exactly the surplus we have ~\$52,000
- Participate in restaurant nights and other fundraisers
- Paint night is not a fundraiser, just a community event

Read-a-thon Presentation

- Thank you Sharon!
- Great participation - 66% of students logging on, 37% of students got a sponsor, 10% more than last year
- Last year was the first year, our goal was 25k and we got to 21k
- This year our goal was 15k and we met it in the first week!
- We are still earning money, \$31,200 as of now! The school gets 78% of that.
- Current net is \$17,500, more will be coming

Governance/ UTLA

- Teachers are the union
- The media is blaming the union, but following the CDC guidelines is important, with or without vaccinations
- Lower income communities and communities of color when polled do not want to go back, it's the whiter affluent communities who are pushing for reopening
- It has to be equitable because we are a public school system
- Rates need to come down and vaccinations need to increase
- If we do open, we will not be back to normal - it will have to be hybrid - something nobody has ever done before

Principal's Message

- 5th grade will do a virtual field trip, The Mere Distinction of Color, \$750, \$6 per student
 - If 5th grade doesn't have enough, maybe PATT could help
- Tiles are being installed
- Office is opening next week, 8-3 someone will be on campus, box for collecting Ameci box pieces and other fundraising items and registration
